PROFESSIONAL PROFILE

Dedicated Computer Science educator and Software Engineering graduate currently pursuing a Master's degree in Data Science. Experienced in teaching computing concepts, software testing, technical documentation, and digital skills development. Passionate about leveraging innovative methodologies to optimize student learning outcomes and equip them with structural, practical skills tailored for a fast-evolving digital world.

PROFESSIONAL EXPERIENCE

Computer Science Teacher

2025 – Present

SASICOL MUEA & NABESK Comprehensive College • Buea, Cameroon

- Instruct foundational and advanced core computer science tracks, focusing on operational programming logic and digital fluency.
- Design modular lesson blueprints, hands-on lab structures, and actionable coursework aligned with curricula targets.
- Mentor students through technical problem-solving frameworks and targeted analytical skills drills.
- Evaluate technical capability thresholds through programmatic milestones, testing, and continuous feedback loops.

Part-Time Lecturer

2025 – Present

Saint Monica University Institute • Buea, Cameroon

- Deliver higher-education level computing components and software framework theories to technology cohorts.
- Synthesize specialized instructional syllabi, comprehensive lecture modules, and rigorous academic evaluation metrics.
- Provide academic supervision and mentorship, steering students toward core industry standards.

Software Tester Intern

06/2021 – 09/2021

Spur Hero • Buea, Cameroon

- Conducted functional sanity tests and integration testing parameters on live software solutions to isolate code defects.
- Engineered structural test suites, high-fidelity bug documentation, and clear software development life-cycle artifacts.
- Coordinated with core developers to prioritize patches and track product refinements across verification sprint phases.

REFERENCES

Academic credentials and professional reference logs are available immediately upon formal request.

Documentation Assistant

06/2021 – 09/2021

AtemecBookshop • Bafoussam, Cameroon

- Audited, indexed, and cataloged multi-tiered physical and digital database archives for organizational data integrity.
- Assembled concise statistical activity summaries, high-volume data points, and operational spreadsheets.
- Ensured strict informational confidentiality protocols and internal data compliance tracking.

EDUCATION

Master's Degree in Data Science

2025 – Present

Landmark Metropolitan University of Buea • Cameroon

Bachelor's Degree in Software Engineering

2023 – 2025

Landmark Metropolitan University of Buea • Cameroon

B.Sc. Physics (incomplete)

2021 – 2022

University of Buea • Cameroon

Advanced and Ordinal Level Education

2018 – 2021

RBC Bafoussam • Cameroon

LEADERSHIP & COMMUNITY INVOLVEMENT

Youth Leader

2023 – Present

Full Gospel Mile 18 (1) Assembly • Buea, Cameroon

- Orchestrated community youth growth strategies, developmental forums, and targeted education initiatives.
- Mentored next-generation students on career charting and values-driven personal development.

General Secretary

2021 – Present

GHS Anya Ex-Students Association • Cameroon

- Directed administrative workflows, corporate governance minutes, and institutional record architectures.
